   Intro: Em7 A7 Em7 A7 D

                                D7M              D
D7M
I know I stand in line until you think you have the time
          Em7       G A7      G     A7
To spend an evening with me
   Em7            A7               G               A7
And if we go some place to dance, I know that there's a chance
          D7M           D   D7M    D
You won't be leaving with me
     D              D            D7          D7
Then afterward, we go into some quiet little place
        G7M      G        Gm7
And have a drink or two
   Em7           A7
And then I go and spoil it all
   Em7           A7          D
By saying something stupid, like, "I love you"
Bridge
       D            D            D
I can see it in your eyes that you despise
             D7               G7M     G
The same old lies you heard the night before
```

```
          E                Bm
But though it's just a line to you
     E7            Bm7          A     A    A7
For me it's true, and never seemed so right before.
     D            D          D7M         D
I practice every day to find some clever line to say
          Em7       G    A7         G    A7
To make the meaning come through
Em7                 A7          G          A7
But then I think I'll wait until the evening gets late
          D7M       D   D7M   D
And I'm alone with you
      D            D            D7
The time is right...your perfume fills my head
          D7          G7M      G     Gm7
The stars get red, and, oh, the night's so blue
     Em7           A7
And then I go and spoil it all
   Em7           A7          Em7  D    Gm7
By saying something stupid, like, "I love you"
     Em7           A7
And then I go and spoil it all
   Em7           A7          Em7  D    Gm7
By saying something stupid, like, "I love you"
A7 Em7   D   Gm7  A7 Em7  D
I love you      I love you
```
