

Angra - Final Light

Tom: **B**

m
You take the time to find a way

And though it seems so clear

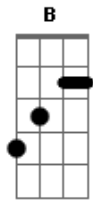

A silent wonder still remains

Is there more for me to learn?

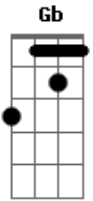

Massive universe, save me once again

Gb **G** **Em**
All the answers only led us to the edge
B **D** **C**
A final light never came and never will
Gb
So we fall and rise and walk again
G **Em**
The matter still prevails
B **D** **C**
The final light is the path and not the end
B
It's not the end
