

Angra - Gentle Change

Tom: **A**

Segunda Parte:

Introdução:

Primeira Parte:

I see the stars in your eyes
Portraying my face in the future
Nice is the weather outside
But I'll stay at home
Oh, waiting for the rain

Memories of when we were young
Wishing so bad to be older
Now you may look to the past
The only way forward

Refrão:

Gentle change of tides
Upcoming days
Oh, the spirits of a new ho_rizon fall
Into old dreams

Refrão:

Interlúdio:

A E D Dbm
Am D A G G

Terceira Parte:

Standing here howling at the storm
Shouting how life could be perfect
Well, then the walls have to fall
To start it again

(2x)

Refrão Final:

Gentle change of tides
Upcoming days
Oh, the spirits of a new ho_rizon fall
Into old dreams
Far away from sights
Oh, hidden in the haze
Oh, oh, spirits of a new ho_rizon fall
Into old dreams

Segunda Parte (Pré-refrão):

Lightning up another cigarette
Playing cool while cracking up inside
Saying hi to people's like saying goodbye
Laughing, but wishing to cry
