                                                                  Somebody here
Intro: C Am Ab G
                                                                  To bring an age
C
                                                                        C
                                                                              G
We were born in a Golden Age
                                                                  Long disappeared
Beyond the creed
                                                                  (G Gbm Em)
                                                                               Em
Blown with the winds to meet
                                                                  Em
                                                                      Α
                                                                                           Α
                                                                                                    G
                                                                  Holy Land - Throw your scars on me!
              Bb F
The ones who creep
                                                                                            F
                                                                                                      С
 С
                                                                  My soul just tends to be
And pray
                                                                  Your friend
Unshold feet traces on fresh sand
A map unfold
                                                                               Ab
                                                                                                        С
                                                                  Am
                                                                                             G
                                                                  Holy Land - Holy Land around
Spreading out knowledge,
                                                                                                    С
                                                                  Am
                                                                               Ab
                                                                                          G
                                                                  Holy Land - Holy Land is all...
