

Animal Collective - Golden Gal

Tom: C

"Is this about (Where your heads at)? No, Blanche, she's upset because they keep changing the taste of coke."

Do-doo-doo-doo

C

C
Golden Gal on her screen
G Some kind of tube she'd never seen F
Dm Gift to the girl ready to dream
G Hope in new forms, the elderly B
C Spirit is burning, to hear it for the girls again

C
So complex and brave!
G Power and lure without showing some legs F
Dm Different roads, not just sexual things
G Went and cut a rude hue, said it did right away
C Am I keeping it new, and relearning girls again

F
It's a strange kind of plot,
C Who steps and paves the Golden way?
F With a humor that is known to quickly put me in my place C
F Every word's so tricky, how we know what to say C

F Dm
My gal you're so strong, you should hold your head above them
C And you need not ask for much to get my praise G

F C
Let me dress up like a Golden Gal and have my Golden day
F Let me watch the mark of maleness from a table side in greys C
F I can only dream of how I'd be so amazed C

F Dm
The gals were right on, when she needed laughs to fall on,
C And for all of this and more I give them praise G

("Flytrap!") (Keyboard solo)

Dm C
You'd think the gals should feel so comfortable these days,
G F

But sexy genders bring some troubles to the fray,
F And trouble tears apart
G Another Golden heart F F

Em Dm
So I want to be the reminder that she's stronger than the bulk on other days

G
(Golden Gal!) Gave me my strength,
Em She said i'll be here for you later boy,
F F Em Dm
Now run along, you have to fall
G
(Golden Gal!) Gave me my faith,
Em And all it took was some belief,
F F Em Dm
I don't believe that she should change at all
G
(Golden Gal!) Taught me restraint,
Em She said, you'll want more much later, dude,
F F Em Dm
I'm your everything and not your toy
G
(Golden Gal!) I'll be beside her,
Em I might want to stand in line to find,
F F Em Dm
The kind of mind she can provide
