

Anitta - Goals

Tom: A

m

[Pré-Refrão]

Shine the rest of the stars are watching
You're awesome you're unique for all time
Wind your body from the bottom
To your crown you're a queen you're divine

[Refrão]

That's my goals
Goals, goals
Goals, goals
Goals, goals

Don't be bitter

Hunnie here we are
In the mirror

Yes you just hung up
Insecurity is doing its job
You are special

Baby you're a one off

[Ponte]

Time to start loving you

Shawty loving you
Loving you shawty loving you
Loving you shawty loving you
Loving you shawty loving you

[Pré-Refrão]

Shine the rest of the stars are watching
You're awesome you're unique for all time
Wind your body from the bottom
To your crown you're a queen you're divine

[Refrão]

That's my goals
Goals, goals
Goals, goals
Goals, goals

[Segunda Parte]

It's temporary
That's just how it goes (how it goes)
What I hated, now I love the most (I love the most)
Mother told me don't let nothing stop me
Cause ain't no copies

Baby you're a one-off

[Ponte]

Time to start loving you

Shawty loving you
Loving you shawty loving you
Loving you shawty loving you
Loving you shawty loving you

[Pré-Refrão]

Shine the rest of the stars are watching
You're awesome you're unique for all time
Wind your body from the bottom
To your crown you're a queen you're divine

[Ponte]

Yes you got a right to complain it's true
But look what you're gaining move
This message is saving you
You are in his graces too
The world's entertaining you
Cause they see the day in you
Forget who was playing you

Cause they die in their game too

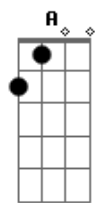

[Pré-Refrão]

Shine the rest of the stars are watching
You're awesome you're unique for all time
Wind your body from the bottom
To your crown you're a queen you're divine

[Refrão]

That's my goals
Goals, goals
Goals, goals
Goals, goals
