

Anitta - Will I See You (feat. Poo Bear)

Tom: B

When it's all said and done will I see you?
When it's all said and done will I see you?

Now that my love is on
All the way on you, I won't turn it off
Would you do the same?
When it's all said and done will I see you?

I've been planting seeds in our ground
Watching us grow for a while

Pray the sun stays shining down on us
I hope it do

We committed our trust out loud
Like gravity, we just wanna hold each other down
Build a circle, pray you always stay around
I do, Lord knows I do

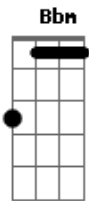

Met you on the block
You ain't gotta hustle like that no more
I been on a journey
I ain't tryna look back no more
We been on a wave
Tryna not make it back to shore, oh no

When it's all said and done will I see you?
When it's all said and done will I see you?

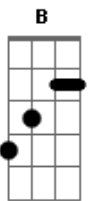

Now that my love is on
All the way on you, I won't turn it off
Would you do the same?
When it's all said and done will I see you?
Took away my insecurities
Your arms became my security
Ooh, my melody became harmony
With you, and only you
Sometimes reality kicks in
Realizing every beginning comes to an end
Can I go to sleep at night?
Knowing I wake up to my best friend

When it's all said and done will I see you?
When it's all said and done will I see you?
Now that my love is on
All the way on you, I won't turn it off
Would you do the same?
When it's all said and done will I see you?
When it's all said and done will I see you?
When it's all said and done will I see you?
Now that my love is on
All the way on you, I won't turn it off
Would you do the same?
When it's all said and done will I see you?
