

Anja Garbarek - The Last Trick

Tom: **G**

Em
From standing to crouching
G
Silently falling
D **Am**
Falling from nowhere to nowhere
Em
Nothing between
G
Nothing beyond
D **Am**
Nothing behind the stars

G **D** |
This is the last trick i'll do |

Remain for some time
Down here below
Allowing the doubt to feed upon me
And even the ones
Who've never been
Are climbing the wail up ahead

I get up start crawling
Into the same
Over and over and over again
Smelling the plastic
Smelling the spit
And smelling my own breath

G **D** |
This is the last trick i'll do |

The presence convincing
The most of what i've written is false
I mention this
'cause i'm talking in the light of what's known
I get out of the sun

G **D** |
This is the last trick i'll do |

All together now
Everybody

Acordes
