

Anna Clendening - If I'm Being Honest

tom:
Capo: B (forma dos acordes no tom de G)
4ª casa

You got your issues, I get that, but so do I
That's not an excuse to hide behind your ugly pride
How was it so easy, so damn easy for you to lie?
When I gave you my heart, my trust, you just wasted my time

But if I'm being honest
I miss you, but I hate you at the same time
You broke your promise
Now I don't know what was real or a lie
If I'm being honest, I don't want to let go
But I fell in love with someone that I don't know
If I'm being honest

There's no coming back from this
You did what you did and you gotta live with it
There's no coming back from this
You did what you did and you gotta live with it

You call me crazy, but you made me feel this way
I gave you so much, it wasn't enough, all you did was take
Messed with my head, you made your bed, now in it you lay
You're all alone, ignoring your phone, you've got nothing to say

But if I'm being honest

I miss you, but I hate you at the same time

You broke your promise
Now I don't know what was real or a lie
If I'm being honest, I don't want to let go
But I fell in love with someone that I don't know
If I'm being honest

There's no coming back from this
You did what you did and you gotta live with it
There's no coming back from this
You did what you did and you gotta live with it

So tired of trying and trying
While you were denying that you never lied
And now you've gone in hiding
You can't even try to fix what you did
You ripped me to pieces, yet, you're the one speechless
Now my nights are sleepless
'Cause you saw my weakness, a little naive
And I gave more than I had to give
I hate you, what you did
And I can't get over it
But the sad fact is
I can't get you out of my head
There's no coming back from this
You did what you did, now I gotta live with it
