Intro: Am G D Am G D

As I walk through the world, ah
So many things I see, uh-huh
And then I say to myself, ah, it's never as it seems
Cos? I am the one, I rule my world
Nobody rule my destiny
Cos? you are the one, you rule your world
No bad man own your destiny

Leave me alone, let me live my life
Leave me alone, let me live it up, live it up
Leave me alone, make I live my life
Leave me alone, make I live it up, live it up
Leave me alone, let me
(Am G D Am G D)

Are we losing control, or is it meant to be? Uh-huh
Now I've opened my mind, now come and set me free
Cos? I am the one, I rule my world
Nobody rule my destiny
Cos? you are the one, you rule your world
No bad man own your destiny

Leave me alone, let me live my life
Leave me alone, let me live it up, live it up
Leave me alone, make I live my life
Leave me alone, make I live it up, live it up
Leave me alone, let me live my life

Leave me alone, let me live it up, live it up
Leave me alone, make I live my life
Leave me alone, make I live it up, live it up

Leave me alone let me
Why don't you leave me alone? Yeah, yeah
(Am G D Am G D)

I will do anything I like
I will sip anything I like
E be me way I get my life
E be me way I get my life
I no say it's alright
I'm a catch some vibes tonight
Everyday, every night, everyday, feel the love, yo

Enjoy everyday, enjoy li-life
Enjoy everyday, enjoy li-life
Enjoy everyday, enjoy li-life
Enjoy everyday
Why don't you live your life
And I'll go live mine

Leave me alone, let me live my life
Leave me alone, let me live it up, live it up
Leave me alone, make I live my life
Leave me alone, make I live it up, live it up
Leave me alone let me

Enjoy everyday, enjoy li-life
Enjoy everyday, enjoy li-life
Enjoy everyday, enjoy li-life
Enjoy everyday
