

# Antemas - I Live My Life

tom:  
Db (forma dos acordes no tom de D)  
Afinação: Eb Ab Db Gb Bb Eb

Intro: D G

[Primeira Parte]

It's the first time I get onto here  
Brought by the wind  
The view of abandoned days  
The Sun is shining through the trees  
Right against my face  
Revealing what I have seen before  
(That broken door)  
I've always wanted more than live forever

I do believe you have waited  
All your life to see  
The beauty of everything  
Hourglasses start to flip  
Without sand to slip  
Deceiving the time and space  
Explore (and you will soar)  
You've always wanted more than live forever

[Pré-Refrão]

I do believe you have waited all your life to see  
How beautiful is everything

[Refrão]

I live my life with all my heart  
Can you feel it in your soul?  
Some just wish me till they die  
Some fall apart  
Some just kill to let me go

[Segunda Parte]

The past is like a distant place  
Full of gold and aches

You try but you never reach  
The present time is weak  
Passes in a blink of an eye  
Just like the future comes  
(The time will flow)  
You've always wanted more than live forever  
[Pré-Refrão]  
I do believe you have waited all your life to see  
How beautiful is everything

[Refrão]

I live my life with all my heart  
Can you feel it in your soul?  
Some just wish me till they die  
Some fall apart  
Some just kill to let me go  
Sometimes I will fall  
And then become stronger  
Ashes of my own coming from beyond  
While you've been waiting the future's gone
