

Anthony Lázaro - Back With Me

```
tom:
When you
Look out the window
                  Gm Bb
While the sky flows away
I'll be watching the same stars
       F C Gm
And I'll hold a little flame
For you
                   Gm
Nobody knows your soul The way that I do
             Gm
Nobody knows about The stuff we went through
And I'll keep it safe For when you're back with me
[Refrão]
Keeping it safe
Keeping it safe
Keeping it safe
                      F C Gm Bb
For when you're back with me
Keeping it safe
Keeping it safe
Keeping it safe
                   F C Gm Bb
For when you're back with me
And if you
          Bb
Are feeling a chill
    F C Gm
As the night spreads its veil
   F C Gm Bb
I will send a warm breeze over
           C Gm Bb
And I'll drive away the gale, Cause
```

Acordes

```
Nobody knows your soul The way that I do
                  Gm
Nobody knows about The stuff we went through
And I'll keep it safe For when you're back with me

Keeping it safe
Keeping it safe
Keeping it safe
                    F C Gm Bb
For when you're back with me
Keeping it safe
Keeping it safe
Keeping it safe

For when you're back with me
Remember what we said
  Bb
When you went away
    C Gm
Nothing really can keep us apart
Thousand days and nights
   Bb
Half a million miles
   C Gm Bb
We are gonna slay
Keeping it safe
Keeping it safe
                      F C Gm Bb
For when you're back with me
Keeping it safe
Keeping it safe
Keeping it safe
           Bb F C Gm Bb
For when you're back with me
