tom:

Intro: G Bm C D

G Bm  
I don't wanna be lonely  
C  
When winter is freezing  
D  
And trees start to bald  
G Bm  
And I don't wanna be sitting  
C  
Alone in a room  
D  
That's just filled with my soul  
G D  
So I came to this place  
G  
Looking for a familiar face  
C D G  
And that's when I saw you  
D  
'Cause you don't know me and I don't know you  
Bm G  
But it breaks my heart you looking so blue  
C D G  
On the last of the year  
G D  
I've just peeked your name on the coffee cup  
Bm G  
What a stroke of luck the guy just messed up  
C D G  
And gave your cup to me

( G Bm C D )

G Bm  
So we're swapping our cups  
C  
And after a while  
D  
We're swapping a glance  
G Bm  
And I can think nothing better  
C D  
Than starting the year with a drop of romance  
G D  
'Cause I came to this place  
G  
Looking for a familiar face  
C D G  
And that's when I met you  
D  
'Cause you don't know me and I don't know you  
Bm G  
But it breaks my heart you looking so blue  
C D G  
On the first of the year  
G D  
I've just peeked your name on the coffee cup  
Bm G  
What a stroke of luck the guy just messed up  
C D G  
And gave your cup to me  
G D  
A dark cappuccino is what made us meet  
Bm G  
The way you came toward me dragging you feet  
C D G  
And I just smiled at you
