

## **Arctic Monkeys - Fire And The Thud**

```
tom:
              Gbm
Intro: Gbm Gbm Gbm6 Gbm
       Gbm
             Gbm6
You showed me my tomorrow
     Gbm Gbm6
                    Gbm
Beside a box of matches
Gbm Gbm Gbm6 Gbm
A welcomed threatening stir
      Gbm
Gbm
             Gbm6
My hopes of being stolen
      Gbm Gbm6
Might just ring true
     Gbm Gbm6
                     Gbm
Depends who you prefer
But if it's true you're gonna run away
Tell me where
I'll meet you there
      Gbm
             Gbm6
                     Gbm
Am I snapping the excitement
      Gbm
             Gbm6
If I pack away the laughter
     Gbm
            Gbm6 Gbm
And tell you how it feels?
      Gbm
             Gbm6
                    Gbm
And does burden come to meet ya
Gbm Gbm Gbm6 Gbm
If I've questions of the feature
      Gbm Gbm6
                    Gbm
That rolls on your dream reel?
The day after you stole my heart
```

```
Everything I touched told me
It would be better shared with you
And now you're hiding in my soup
         Bm
And this book reveals your face
          Bm
And you're splashing in my eyelids
      Bm
                   Gbm
As the concentration continually breaks
I did request the mark you cast
      Gbm
Didn't heal as fast
 D
I hear your voice in silences
        D
Will the teasing of the fire be followed by the thud?
Gbm Gbm
In the jostling crowd
You're not allowed to tell the truth
And the photobooth's a liar!
Gbm
               Gbm6
Liar!
       Gbm
              Gbm6
                      Gbm
Gbm
There is sharpened explanation
      Gbm Gbm6
                     Gbm
But there's no screaming reason to enquire
Ghm
I'd like to poke them in their prying eyes with things they'd
never see if
D7
It smacks them in their temples
```

## **Acordes**
