

# Arctic Monkeys - Fireside

Tom: **D**

m

I can't explain but I wanna try

There's this image of you and I

And it goes dancing by

In the morning and the night time

There's all these secrets that I can't keep

Like in my heart there's that hotel suite

And you lived there so long

It's kind of strange now you're gone

I'm not sure if I should

Show you what I've found

Has it gone for good

Or is it coming back around?

Isn't it hard to make up your mind

When you're losing

And your fuse is fireside

**Dm**

There's all those places we used to go

And I suspect that you already know

But that place on memory lane

You like still looks the same

But something about it's changed

I'm not sure if I should

Show you what I've found

Has it gone for good

Or is it coming back around?

Isn't it hard to make up your mind

When you're losing

And your fuse is fireside

And I thought I was yours, forever

Or maybe I was mistaken,

But I just can't help manage to

Get through the day without thinking of you lately

[Solo] **Dm G Em**

I'm not sure if I should

Show you what I've found

Has it gone for good

Or is it coming back around?

Isn't it hard to make up your mind

When you're losing

And your fuse is fireside
