Tom: **D**

**B**  
And one of em's alright

The other one's the scary one  
**D** His way or no way, totalatarian  
**B** He's got no time for you

Looking or breathing  
**D** How he don't want you to  
**Em** So step out the queue

**B**  
He makes examples of you

And there's nowt you can say  
**D** Behind they go through to the bit where you pay  
**B** And you realise then that it's finally the time  
**D** To walk back past ten thousand eyes in the line

(Riff 1)  
**B** And you can swap jumpers and make another move  
**D** Instilled in your brain you've got something to prove  
**B** To all the smirking faces and the boys in black  
**D** Why can't they be pleasant?  
**Em** Why can't they have a laugh?  
**B** He's got his hand in your chest

He wants to give you a duff  
**D** Well secretly I think they want it all to kick off  
**B** They want, arms flying everywhere and  
Bottles aswell it's just  
**D** Something to talk about  
**Em** A story to tell you

(Riff 2)  
**B** Well I'm so glad they turned us all away we'll put it down to fate  
(Riff 2)  
**B** I thought a thousand million things that I could never say

this morning  
(Riff 2)  
**B** Got too deep, but how deep is too deep?  
(Riff 2)

**B** This town's a different town today  
**D** This town's a different town to what it was last night  
**Em** You couldn't have done that on a Sunday..

(Riff 3)  
**B** That girl's a different girl today  
**D** Said that girl's a different girl to her you kissed last night  
**Em** You couldn't have done that on a Sunday Of course no.

**B** Last night what we talked about
