   Em
        D G
                           G C
   Some days, things just take way too much of my
energy
   I look up and the whole room's spinning
     D G
   You take my cares away
                G C
                                  D
   I get so overcomplicate, people tell me to medicate
[Pré-Refrão]
   Feel my blood runnin',
                           swear the sky's fallin'
                           G C D
   How do I know if this sht's fabri- cated? Mmm
              D G
                                   G C
                        can't control my mind
   Time goes by and I
                         G C
   Don't know what else to try, but you tell me every time
[Refrão]
Just keep breathin' and breathin' and breathin' and breathin'
                  GC
And oh, I gotta keep, keep on breathin'
Just keep breathin' and breathin' and breathin' and breathin'
                 G C
And oh, I gotta keep, keep on breathin' mmmmm
[Verso 2]
        D G
   Sometimes it's hard to find, find
                                  my way up into the
clouds
   Tune it out, they can be so loud
    D G G C
  You remind me of a time
                            when things weren't so
complicated
              D
   All I need is to see your face
[Pré-Refrão]
