

# Ariana Grande - ?Eternal Sunshine

tom:

I don't care what people say <sup>D</sup> <sup>D7M</sup>

We both know I couldn't change you

I guess you could say the same <sup>A</sup>

Can't rearrange truth

I've never seen someone lie like you do <sup>D7M</sup>

So much, even you start to think it's true, ooh <sup>A</sup>

Get me out of this loop

Yeah, yeah <sup>D7M</sup>

So now we play our separate scenes

Now, now she's in my bed, mm-mm, layin' on your chest <sup>A</sup>

Now I'm in my head, wonderin' how it ends <sup>D7M</sup>

I'll be the first to say: I'm sorry

Now you got me feelin' sorry

I showed you all my demons, all my lies <sup>A</sup>

Yet, you played me like Atari <sup>D7M</sup>

Now it's like I'm lookin' in the mirror

Hope you feel alright when you're in her

I found a good boy and he's on my side <sup>A</sup>

You're just my eternal sunshine, sunshine

<sup>D7M</sup>

So I try to wipe my mind <sup>A</sup>

Just so I feel less insane

Rather feel painless

I'd rather forget than know, know for sure <sup>D7M</sup>

What we could've fought through behind this door, mm-mm <sup>A</sup>

So I close it and move, yeah, yeah

<sup>D7M</sup>

So now we play our separate scenes

Now, now he's in your bed and layin' on my chest <sup>A</sup>

Now I'm in my head, i'm wonderin' how it ends, ends, ends

<sup>D7M</sup>

I'll be the first to say: I'm sorry

Now you got me feelin' sorry <sup>A</sup>

I showed you all my demons, all my lies

Yet, you played me like Atari <sup>D7M</sup>

Now it's like I'm lookin' in the mirror

Hope you feel alright when you're in her

I found a good boy and he's on my side <sup>A</sup>

You're just my eternal sunshine, sunshine
