

# Ariana Grande - ?Eternal Sunshine

tom:  
I don't care what people say  
We both know I couldn't change you  
I guess you could say the same  
Can't rearrange truth  
I've never seen someone lie like you do  
So much, even you start to think it's true, ooh  
Get me out of this loop  
Yeah, yeah  
So now we play our separate scenes  
Now, now she's in my bed, mm-mm, layin' on your chest  
Now I'm in my head, wonderin' how it ends  
I'll be the first to say: I'm sorry  
Now you got me feelin' sorry  
I showed you all my demons, all my lies  
Yet, you played me like Atari  
Now it's like I'm lookin' in the mirror  
Hope you feel alright when you're in her  
I found a good boy and he's on my side  
You're just my eternal sunshine, sunshine  
So I try to wipe my mind  
Just so I feel less insane  
Rather feel painless  
I'd rather forget than know, know for sure  
What we could've fought through behind this door, mm-mm  
So I close it and move, yeah, yeah  
So now we play our separate scenes  
Now, now he's in your bed and layin' on my chest  
Now I'm in my head, i'm wonderin' how it ends, ends, ends  
I'll be the first to say: I'm sorry  
Now you got me feelin' sorry

I showed you all my demons, all my lies  
Yet, you played me like Atari  
Now it's like I'm lookin' in the mirror  
Hope you feel alright when you're in her  
I found a good boy and he's on my side  
You're just my eternal sunshine, sunshine
