Intro: Em  D  G  C  D

[Primeira Parte]

Em        D         G
I was a liar, I gave in to the fire
  C                                           D
I know I should've fought it, at least I'm being honest
Em        D           G
Feel like a failure, cause I know that I failed you
   C                                    D
I should've done you better, cause you don't want a liar

[Pré-Refrão]

        Em                        D                   G

                       C           D
But boy I couldn't give it to you
        Em                        D              G

But I got nothing here without you

Baby I don't care if you got her in your heart

All I really care is you wake up in my arms
