Intro: C Em Am G

C Em  
Since you left  
Am  
All I do  
G  
Is think of a way to get you  
C Em  
Back, by my side  
Am  
And I know  
G  
I fucked it up this time

Am C G  
I can't see why you'd wanna be  
With someone just like me

F Em F G  
Cuz all I had to offer you was chaos  
And all you've ever given me is peace,  
But still I drove you away

C Em Am G

I don't want to be  
The one to cause you pain  
I count to 3  
Breathe in, then breathe out  
And repeat

Am C G  
Cuz I can't see why you'd wanna be  
With someone just like me

F Em F G  
Cuz all I had to offer you was chaos  
And all you've ever given me is peace,  
But still I drove you away

F Em Am G  
Still I watched you go  
Still I let you leave  
And I never called  
Still I don't know  
Who I want to be  
Where I want to go  
I don't know

F Em F G  
And all I have to offer you is chaos  
I promise I will let you live in peace

I know I drove you away
