

Armin Van Buuren - Echoes (feat. Florentin & Jordan Grace)

tom: [Intro] Am Em G D

Am Em G D

Am Em G D

I travel these roads

With shadows and scars

Where is my angel?

Where has she gone?

I chased all the fears

That are deep in my heart

Yet the ground is still hollow

Now who do I follow?

Where are you now?

I've been searching for you

On this road that is lonely

I've been calling for you

Can you hear my echoes?

Can you hear my echoes?

Burn all the clouds

And show me a love that I've never known

You know I'm ready for it

Give me a sign on this lonely road

Won't you tell me now

You can hear my echoes

(C Em G D)
(C Em G)

Oh, can you hear my echoes?

(Am Em G D)

Am Em
I'm out on the edge

G D
I'm falling with time

Am Em
The dreams I let go

G D
The ones I left behind

Am Em
Where are you now?

G D
I've been searching for you

Am Em
On this road that is lonely

G D
I've been calling for you

Can you hear my echoes?

Oh, can you hear my echoes?

Oh, can you hear my echoes?

Cadd9
