          [Primeira Parte]
I watched you smile from far away
A masterpiece I couldn?t stay
                Е
You touched the world, but not my skin
Am Fm I loved you soft, and kept it in
[Refrão]
One last kiss, without a touch
Still, I think about it much
                  Bm
A love that never had its start
                    Fm
But broke me like a work of art
[Segunda Parte]
You held her hand, and I looked down

Am F
```

```
Wore my silence like a crown
You never knew what I confessed
A secret heart, so unexpressed
[Refrão]
One last kiss, without a touch
Still, I think about it much
               Bm
A love that never had its start
But broke me like a work of art
[Final]
So here I leave what you won?t miss
A quiet dream
Am One last kiss
     Ε
?Pretend it?s forever
Even if it?s just for tonight.?
