Ashley Nite - Say Anything
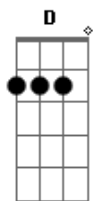

Tom: D
Intro: D G
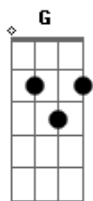

```
D                    Bm
If no one ever asked me again
G
About us I?d be okay
D                    Bm
It?s like stepping out of the haze
G
Getting pushed right back in
D
I know you have the best intentions
G            A         D
Why?d you have to go and mention him
D            A            Bm
It?s just like salt poured on a wound
G                    D
Every word keeps cuttin? through
D            A              Bm
Say something stupid, something distracting
Bm           G               D
Or leave it alone and don?t say anything
D                   G
Don?t say, don?t say
G
Say anything
D                   G
Don?t say, don?t say
G
Say anything
D                   G
Don?t say, don?t say
G
Say anything
D                        Bm
Every shadow passing me by
Bm         G           D
I imagine his outline
D                        Bm
When I go to reach for his hand
G
I lose my mind
D                        Bm
I?m already haunted inside
Bm           G   A        D
```

```
I don?t need to be reminded
D             A              Bm
It?s just like salt poured on a wound
G                            D
Every word keeps cuttin? through
D            A              Bm
Say something stupid, something distracting
Bm           G               D
Or leave it alone and don?t say anything
D                   G
Don?t say, don?t say
G
Say anything
D                   G
Don?t say, don?t say
G
Say anything
D                   G
Don?t say, don?t say
G
Say anything
D
Are you doing okay
G                          G
Are you gonna be all right
D             A              Bm
It?s just like salt poured on a wound
G                            D
Every word keeps cuttin? through
D            A                  Bm
Say something stupid, something distracting
Bm           G               D
Or leave it alone and don?t say anything
D                   G
Don?t say, don?t say
G
Say anything
D                   G
Don?t say, don?t say
G
Say anything
D                   G
Don?t say, don?t say
G
Say anything
```
