

Atomic House - No Believer

tom: A

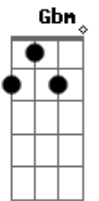

Like a cold Wind Gbm
A
Blowing through the window Bm
She's giving me the chills I'm shivering a little Gbm
She used to walk with me through every single valley A
But then she packed her bags And she moved to Cincinnati Bm
D I tried to find out what it feels like to Love Gbm
A I've called a hundred times, but you've never picked up
D I tried to let you in my heart wide open Gbm
Bm But now I'm broken
Gbm She left me torn up inside A
D I used to believe in love at first sight Bm
Gbm I tried my hardest to keep her A
D But since she's been gone, I've had a fever Bm
Gbm I was naive to think A
D That love wouldn't hurt Bm
That she'd stay with me
Gbm I tried my hardest to keep her A
D But since she's moved on, I'm no believer Bm
Gbm

She's like the darkness that A
I've been scared to suffer Bm
I hope Cincinnati's cold
And you never find another Gbm A
It hurt me more that you didn't say goodbye Bm
Before you went and left
You were gone for I could cry D Gbm
I tried to find out what it feels like to Love A
I've called a hundred times, but you've never picked up D Gbm
I tried to let you in my heart wide open Bm
But now I'm broken
Gbm She left me torn up inside A Bm
I used to believe in love at first sight Gbm A
I tried my hardest to keep her D Bm
But since she's been gone, I've had a fever Gbm A
I was naive to think D
That love wouldn't hurt Bm
That she'd stay with me Gbm A
I tried my hardest to keep her D Bm
But since she's moved on, I'm no believer
