

Aurora - Churchyard

```
Intro: Gbm E B
[Refrão]
He told me I belong in a churchyard
He told I could walk away but I wouldn?t get far
Tell me other people know what is hurt, what is love
He told me I belong in a churchyard \,
[Primeira Parte]
  Words pointy like arrows
Wounds no one can see
  He closed all the windows
As his anger broke free
 I will not remember
You as somebody nice
Please will you remember me and cry

   [Segunda Parte]
                           Hate followed him gently
Black seeds in his heart
                        Roots tearing the love in him, apart
