

Aurora - Cure For Me

```
tom:
           Em
I run from the liars, the fuel on the fire
I know I created myself
I know I can't fight
The sad days and bad nights
But I never asked for your help
You got hurt, no, we don't belong
      D
Together, so you took the love
From my arms into the
Arms of yours
But I don't need a cure for me
I don't need it
No, I don't need a cure for me
     С
I don't need it
No, I don't need a cure for me
( C D )
I don't like the tension
The misapprehensions
About our nature in love
The glorious teachers
Are no use for creatures
Who knows how to play with the gods
You've got the nerves
But they never show
Unless they hurt
So you blamed it all on my love
The moving heart I've got
Acordes
```

```
But I don't need a cure for me
I don't need it
No, I don't need a cure for me
I don't need it
                           Fm G
No, I don't need a cure for me
