Lost in the moments again
                                                               We are home, home
Stuck where the road has no end Am G F

Keeping the thought in our minds
                                                               Doesn't really matter where you come from

One day life will be kind

Doesn't really matter where you come from
Endless days of complaints
Forcing the light to our veins
                                                                         Am G C F
Keeping the hope in our minds
                                                               We are home
