

## **Aurora - In Bottles**

```
Tom: Gb
                                                                  D7M
                                                          Oh uh uh uuh
                                                                 Dbm
                                                          Oh uh uh uuh
         Gbm Dbm7
                           D7M
                                                                   Gbm Dbm
I put my tears in bottles
                                                          Under your spine
Gbm Dbm7 D7M D
In case if I need them later
                                                            D7M
                                                          Oh uh uh uuh
     Bm
                                                                  Dbm
You never know
                                                          Oh uh uh uuh
 Gbm Gbm
                                                             Gbm Dbm
                                                          Under your spine
You never know
                                                          I watch you sleep with open
And if I get thirsty
   Bm
                                                                E
                                                          Dbm
Will they make me sad?
                                                          I watch you sleep with open eyes
 D E
                                                          Dbm E B
Forever
                                                          I watch you sleep with open
                                                          Db Eb E Gb
Oh oh oh oh oh ohoh
Gbm

                                                                  Dbm
Oh uh uh uuh
                                                          Oh uh uh uuh
                                                                 Gbm Dbm
        Gbm
Oh uh uh uuh
                                                          Under your spine
  В
                                                            D7M
Ah ah ah ah ah
Gbm B D
                                                          Oh uh uh uuh
I will kindly watch you sleep
                                                              Dbm
   D7M E Gbm
                                                          Oh uh uh uuh
I find out that your eyes are open % \left\{ 1,2,...,n\right\}
                                                             Gbm E
                                                          Under your spine
I hide other pieces that you never
Would have liked if you knew about them

Bm E Gbm
                                                          Down your spine
                                                          Dbm B
So I hide my children
                                                          Down your spine
                         Gbm Dbm
                                                          Down your spine
Gbm B
Oh, cover your eyes, cover your eyes- es - es - es D7M E
                                                          Down your spine
Hide me inside, under your spine
                                                          D B
Ah ah
         Gbm
Under your spine
                                                          Gbm E
                                                          Ah ah
```
