

# Aurora - The Weight Of Missing

tom:

G

Intro: C F C F Dm G7

[Primeira Parte]

C F  
The world today has changed  
C  
You're no longer here and I feel  
F  
Strange  
Dm G7  
Now every moment spent with you  
C  
And the love within my heart feels  
F  
Like a wound  
Dm  
And though it hurts, it feels  
G7  
Good too  
C  
In the warmth of every memory I have  
F  
Of you  
Dm  
While I live on  
G7  
And though love comes with pain  
C F  
I never love in vain

[Segunda Parte]

C F  
I hold on to all those days  
C  
The times I had you here in my  
F  
Embrace  
Dm G7  
The biggest gift I ever knew  
C  
Was to love you knowing that you  
F  
Love me too  
Dm  
And now the big sleep keeps you  
G7  
Safe  
C  
As she lets you close your eyes in  
F

Her embrace

Dm

You can lie here forever in her

G7

Heart

As long as we're apart C F

[Terceira Parte]

C F  
I can't forgive our stolen time  
C  
That I can't just have you sit here  
F  
By my side  
Dm  
And I know I'll miss you all  
G7  
My years  
C  
But the weight of missing you is  
F  
Worth each tear  
Dm G7  
And still I feel you everywhere  
C  
In the sun that rise each morning  
F  
And summer air  
Dm  
In the mountains that sings  
G7  
In the blossom in spring  
C  
In the autumn that cries  
F  
In each tear that I dry  
Dm  
In the shadows, in the snow  
G7  
In the candle that glows  
C  
I can feel you  
F  
I can feel you  
[Final]  
Dm  
You'll be with me until we meet  
G7  
Again  
C F C  
Our darling and my friend

## Acordes
