

Aurora - Under The Water

Tom: **A**

m

Under the water we can't breathe, we can't breathe

Under the water we die

Under the water there is no one watching

Under the water we are alone

Then why do we jump in?

Why do we jump in?

Under the water we die

So many souls, that lost control

Where did they fall?

Into the deep, what do they see?

Where did they fall?

Where did they fall?

Hearts will dream again

Lungs will breathe in

Wash away the sin

It's where it begins

Feet won't fail you now

Arms won't let you down

Wash away the sin

Under the water we can't be together

Under the water we die

Then why do we jump in?

Why do we jump in?

Under the water we die

So many souls that lost control

Where did they fall?

Into the deep, what do they see?

Where did they fall?

Where did they fall?
