

Aurora - Winter Bird

Tom: C

Em
Walking in my sleep
Like the naked trees
G
Will they wake up again?
Db
Do they sleep, do they dream?
Em
Feel it as the wind strokes my skin
G
I am moved by the chill
Db
Hear the winter bird sing

(Em G)

C
My tears are always frozen
F
I can see the air I breathe
Em
Got my fingers painting pictures
A
On the glass in front of me
C
Lay me by the frozen river
F
Where the boats have passed me by
Em
All I need is to remember
A
How it was to feel alive

Em
Silent days, violent chase
G
We are dancing again
Db
In a dream, by the lake
Ah

(Em G)

C
My tears are always frozen
F
I can see the air I breathe

Em
Got my fingers painting pictures
A
On the glass in front of me
C
Lay me by the frozen river
F
Where the boats have passed me by
A
All I need is to remember
Em
How it was to feel alive

(abafe as cordas)

Pressed against my pillow like the ageing winter sun
Only wake each morning to remember that you're gone
So I drift away again
To winter I belong
Em
Ah

C
My tears are always frozen

I can see the air I breathe
