

Austin e Ally - Upside Down

tom:

Intro: C F G

(Do do do do do do do do)

I always get this funny feeling
Every time you come around

Both feet off the ground

And it's so right but feels so left
Upside down like I'm losing my head
Cuz I know where my heart belongs
With you again

So I say hey
I'm crazy into you
And I say hey
Every minute's overdue
And I can't wait
No I don't care I'll do what it takes
Driving all night, catch the first flight
Just to see you, I'll explain

You got me like upside down
You standing there I swear my whole world is turned around
I can't believe you're here

But you're here now
You standing there I swear my whole world turned around

You got me upside down
Do do do do do do do do
Do do do do do do do do
Do do do do do do do do
I'm upside down

You got me spinning
From the moment you walked in the room
Girl, I'll admit it
There's nothing I can do but fall for you

Oh you got me like upside down
Oh you got me like upside down
(Hey?)

You got me like upside down
You standing there I swear my whole world is turned around
I can't believe you're here

But you're here now
You standing there I swear my whole world turned around
-NO CHORD-
You got me upside down

Do do do do do do do do do
Do do do do do do do do do
Do do do do do do do do do

I'm upside down
Tell me how am I supposed to act like everything's okay

I'm so mixed up
There's no doubt
Got me feeling like I'm inside out
I wouldn't change a thing

So I say hey
I'm crazy into you
And I say hey
Every minute's overdue
And I can't wait
No I don't care I'll do what it takes
Driving all night, catch the first flight
Just to see you, I'll explain

You got me like upside down
You standing there I swear my whole world is turned around
I can't believe you're here

But you're here now
You standing there I swear my whole world turned around

You got me upside down
Do do do do do do do do
Do do do do do do do do
Do do do do do do do do
I'm upside down

You got me spinning
From the moment you walked in the room
Girl, I'll admit it
There's nothing I can do but fall for you

Oh you got me like upside down
Oh you got me like upside down
(Hey?)

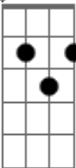

You got me like upside down
You standing there I swear my whole world is turned around
I can't believe you're here

But you're here now
You standing there I swear my whole world turned around

You got me upside down
Do do do do do do do do
Do do do do do do do do
Do do do do do do do do
I'm upside down
