**G**

**Em7**

Second verse goes the same as the first one.  
Don't the water grow the trees  
Don't the moon pull the tide  
Don't the stars light the sky  
Like you need to light my life  
We can do anything we life  
I know we both can get it right tonight  
You got your walls built up high

I can tell by looking in your eyes  
You don't understand how much you really mean to me  
I need you in my life  
You're my necessity  
But believe me that you're everything  
That just makes my world complete  
And my love is clear the only thing I've ever seen  
You're all I ever need  
Baby you're amazing  
You're my angel come and save me  
You're all I ever need  
Baby you're amazing  
You're my angel come and save me

**G**  
When it comes to you baby I'm addicted

**Dadd4#**  
You're like a drug, no rehab can fix it

**Em7**  
I think you're perfect baby even with your flaws

**C**  
You ask what I like about you  
Ooh, I love it all

**G**  
When it comes to you Baby I'm addicted

**Dadd4#**  
You're like a drug, no rehab can fix it

**Em7**  
I think you're perfect even with your flaws

**C**  
You ask what I like about you  
Ooh, I love it all

**G**  
You're all I ever need

**Em7**  
Baby you're amazing

**C**  
You're my angel come and save me

**G**  
You're all I ever need

**Em7**  
Baby you're amazing

**C**  
You're my angel come and save me

You're all I ever need  
Baby you're amazing  
You're my angel come and save me  
You're all I ever need  
Baby you're amazing  
You're my angel come and save me
