

Austin Mahone - Can't Fight This Love

Tom: Db

Can't fight this love

I've been hit by a train

It came out of the blue

What a beautiful pain

When I fall so hard for you

I just can't look away

When you walk in the room

There's no way to escape

There's only one thing I can do

Don't let it take control

There's no way I'll let you go

And the one thing that I know

Can't fight this love

Can't fight this energy

It's natural

It's taking over me

Can't fight this love

Flowing straight through my mind

Can't fight this love

Can't fight this

Can't fight this

Can't fight this love

I don't know what it is

I'm down on my knees

I've been trying to resist

I can't take it anymore

It gets harder to breathe

Girl I'm hooked for sure

I can't hide what I feel

Cause you opened every door

Don't let it take control

There's no way I'll let you go

And the one thing that I know

Can't fight this love

Can't fight this energy

It's natural

It's taking over me

Can't fight this love

Flowing straight through my mind

Can't fight this love

Can't fight this

Can't fight this

Can't fight this love

(Db)

It took one look

And it was over

One smile and I was lost

You broke through my defenses

So I'm yours

Can't fight this love

Can't fight this love

Can't fight this love

Can't fight this energy

It's natural

It's taking over me

Can't fight this love

Flowing straight through my mind

Can't fight this love

Can't fight this

Can't fight this

Can't fight this love
