Let me tell you about two young lovers that lived down the coast

She was such a pretty thing - man what a host

Evening time she sets the table for four

Some friends are coming round tonight

He's out on the town trying to score

Woke up early this morning somethings got his mind

Cursing the night before breakfast at nine

Felt him restless woah all through the night

You know restless all through the night

She sees that something is wrong with him

She don't want to cry she just wants to know why

Oh, oh, oh, oh... oh, no not you again (2 x)

Don't own a swimming pool not even a color TV

Works awful hard somedays she lets him be

You know it ain't looking good for them no loving no more

Some friends are coming round tonight he's out on the town

He's knocking on the wrong door

Oh, oh, oh, oh... oh, no not you again, she's gone, she's gone

Oh, oh, oh, oh... oh, no not you again, she's gone, she's gone

Oh, oh, oh, oh... oh, no not you again

Oh, oh, oh, oh... oh, no not you again
