Ava Max - Anyone But You

```
Just wanna be loved
                              tom:
                                                                                    B
                                                                     By anyone but you
                 G
Intro: Gb Bb7 Ebm
                                                                                 Db7
        Db B Db7
                                                                     Anyone but you
[Refrão]
                                                                     (Gb Bb7 Ebm)
                                                                     (Db B Db7)
               Gb
Just wanna be loved
               Bb7
                                                                     [Segunda Parte]
Just wanna be loved
                     Db
               Ebm
                                                                                  Gb
Just wanna be loved
                                                                     You left my side
               В
                                                                            Bb7
                                                                                               Fbm
By anyone but you
                                                                     When I needed, needed a hand to hold on to
           Db7
                                                                     Db
Anyone but you
                                                                     And some loving
                                                                                 B
[Primeira Parte]
                                                                     You are my baby, you call me baby
                                                                                Db7
                                                                     How could I've been so wrong?
              Gb
                             Bb7
You were the one I started falling
                                                                     Ho-how could I've been so wrong?
           Ebm
You got me down on the down low
                                                                     [Pré-Refrão]
           Db
Waiting for something
                                                                     Gb
                                                                                                Bb7
           В
                                                                     You think I'm burning in hell while you out in paradise?
You are my baby, you call me baby
                                                                     Fbm
                                                                                                Db
          Db7
                                                                     Well I got news for you, baby, I got some plans tonight
How could I've been so wrong?
                                                                     В
Ho-how could I've been so wrong?
                                                                     And all I'm gonna do, all I'm gonna do
                                                                                        Db7
[Pré-Refrão]
