But I feel it, though I can't believe it

There's no need making use of the spirit

We can give you answers you are dying to receive  
Keep on dreaming, keep on screaming, Yeah

Seeing through all lies and foolish warnings  
There ain't no return  
[Terceira Parte]

As you'll been seeing what you've though you're dreaming

Journey to the other side, It's just a trip and pleasure ride  
And I don't know, but does it really matter

I'm illusion or truth, I'm confusion, yeah

I will bring out certainty on a silver plate  
Like a mantle piece I will wipe out darkness

Till there's no time left to spill to save and kill  
To take and seize You just drift along
