Woe to you longing for the wisdom

Woe to you longing for the light

All my sons bring me back what is mine

Or you'll end burning in this night

Woe to you longing for the wisdom

Woe to you longing for the light

All my sons bring me back what is mine

Or you'll end burning in this night

Woe to you longing for the wisdom

Woe to you longing for the light

All my sons bring me back what is mine

Or you'll end burning in this night

Gabriel:

Once I have been lost in what they told me to believe

Until I felt in burning deep inside to set my spirit free

And I escaped to another world to help the little men

who make me plunge into philosophy - to feel my mind again...

No one left to hold me tight - on the

`real`other side but her in chains

I had been alone till the madman come along

With the knowledge and silver long beard

He was the first man ever teaching how I could be free

Helping me to find - oh - the mind and the soul

They've been trying to hide away...

And he promised we'd help Anna if I'd help him to

go all the way

Lugaid:

Go all the way into the world of minds

Op - en the gate and do not close behind

Prevent them from hiding the light away

Prevent them from tellin' us tales

Or the end of all they scare us with will be a

million empty brains...

(Gb E B D E)
(Gb E B Db)
(Ebm Abm E B Db)(2x)
(Ebm)

Gabriel:

I could bring you what you told me

The seal they need to close the gate forever

But still I haven't found a meaning

Anna will we ever be together

Regrin:

You've been fighting for your soul

And sometimes it takes a toll

Hope one day you'll understand

What it means to hold in hands

What they call a fantasy

It is nothing but a key

To the world that now you're in

That they call a wicked dream

Elderane:

When you're walking on your own

When you're broken and alone

You may feel us from inside -

on the other side of life.

Ohohohoh...

Ohohohoh...

Gabriel:

I've been fighting for my soul

And sometimes it takes a toll

Hope one day we'll understand

What it means to hold in hands

What we call a fantasy

But it's nothing but a key

To the world that now I'm in

That we call a wicked dream :|| 2x

Oh, walking on my own

When I'm broken and alone

I may feel you from inside

From the other side of life

Ohohohoh...
