

Avett Brothers - I Wish I Was

Tom: **G**

I wish I was a flame dancing in a candle **B** **E**
 Lighting up your living room high on the mantle **B** **E**
 I could bring some romance without any scandal **Dbm** **E**
 And then when you were done you'd just put me out **B** **E**
 I wish I was a tune you sang in your kitchen **B** **E**
 Putting your groceries away and washing your dishes **B** **E**
 I could roll around your tongue and ease the tension **Dbm** **E**
 And then when you were done you'd just quiet down **B** **E** **B**

But if I get too close **E** **B**
 Will the magic fade? **Ebm** **Abm**
 Would I turn you off or away? **E**
 If I pull you in **B**
 Now would I push you out **Ebm** **Abm**
 Of something here you care about? **Dbm** **E**
 Well I'm at a loss for what to do **Gb** **Gb7**
 But I'm drawn to you

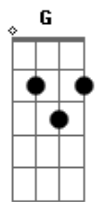

I wish I was a sweater wrapped around your hips **B** **E**
 And when it got too cold into me you'd slip **B** **E**
Dbm **E**

And when the sun came back you would hang me up **B** **E**
 And I would watch you while you undress

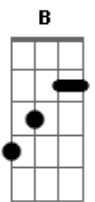

But if I get too close **E** **B**
 Will the magic fade? **Ebm** **Abm**
 Would I turn you off or away? **E**
 If I pull you in **B**
 Now would I push you out **Ebm** **Abm**
 Of something here you care about? **Dbm** **E**
 Well I'm at a loss for what to do **Gb** **Gb7**
 But I'm drawn to you

I'm not a song **B** **E**
 I am not a sweater **B**
 I'm not a fire **E**
 I am something better **Dbm** **E**
 I'm a man in love writing you a letter **B**
 Will you take it? **E**
 Will you keep it? **Dbm**
 Will you read it? **E**
 Believe it **B**
 I love you **E**
 I'm sorry
