Aviram - It Takes a Lot To Try (Easy)

```
                        tom:
                         G
Intro:  G   Em   C   Em   Am   C   D
        G   Em   C   Em   Am   C   D

G            F    Em             Bm
You left me standing all alone
         C                Eb      F  G
And the pain it keeps on digging in me
   F       Em          Bm          C
Lucky me, suddenly it?s starting to rain
                        Am         D          Em
And I can hide those tears of mine with the flow
    Bm        Am
Hey oh, you know
     C              D       Em
It takes a lot for me to try
       Bm          C         D
But it takes one sigh to make me cry

                    C        Bm  Am
And I keep saying oh, no, no, no
D  G              Em
My baby don't go
               D    C        G       A
You know I love you so, that I can?t tell
             D                  G
So I keep on keeping up, since I fell

( Em  C  Em  Am  Bm  C  D )

     G     F          Em            Bm
You kept me standing hand in hand
               C              Am        C  F    G
Can't understand how am I so close But still can't see
```
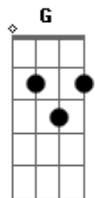

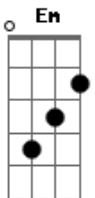

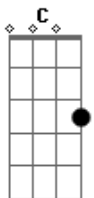

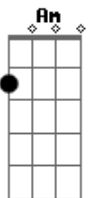

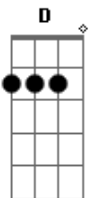

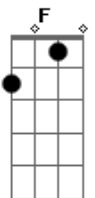

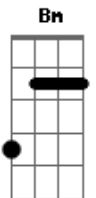

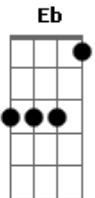

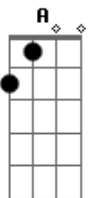

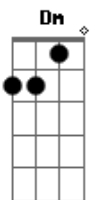

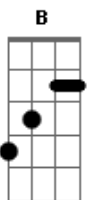

```
            F      Em        Bm              C
Shame on me, suddenly I don?t seem so brave
                    Am       D          Em
And I can?t find a peace of mind instead
         Bm            A
Hey there, be fair
C                   D
It takes a lot for me to try
Em      Bm      C              D
So don't leave me crying at your door

                      C       Bm  Am
?Cause I keep saying oh, no, no, no
D  G              Em
My baby don't go
               Dm  C           G     A  Am
You know I love you so, that I can?t tell
             D                 G
So I keep on keeping up, since I fell

( C   Bm  Am  D  G )
( F   Em  G   C  Bm )
( Am  D   G   F )

                    C        B   Am
And I keep saying oh, no, no, no
D  G              Em
My baby don't go
               Dm  C          G       A
You know I love you so, that I can?t tell
             D                  G
So I keep on keeping up, since I fell

[Final] Em   D   G
```
