

Avril Lavigne - Headset

Tom: A
Intro: D --- E
A - E - D - E (x2) A - E - D - E - D --

Verse 1:

See I got a little bit of a problem
back where I come from,
feels like five people in my population
and no one ever leaves there
I'm gonna be the first one
coz my papa always told me they way it was,
and my mama think she knows me, I know she doesn't
(ah ah ah)

Chorus:

But I got my headset on California
I'll fly away tomorrow, won't even warn ya
and I'll send a big postcard, just to piss you off
I got my head set on California here I come

Verse 2:

See, I got what you would call an obsession
it feels like I think sane
the limits of a small town

frustrating my brain,
might leave some roots there,

but my head's on the next plane
coz my daddy always told me they way it was,
and my mama think she knows me, I know she doesn't
(ah ah ah)

(Repeat Chorus)

Here I come

Interlude: A - E - D - E (x2) A - E - D - E -

Bridge:

Papa always told me they way it was,
and my mama think she knows me, I know she doesn't

Chorus 2:

But I got my head set on New York City
I'll fly away tomorrow, won't even miss me
and I'll get a big boyfriend, just to piss you off
