

Avril Lavigne - I Feel In Love With The Devil

```
No I-I-I-I know you're no good for me
Intro: Gbm A E Bm
       Gbm A E Bm
                                                                You're no good for me
[Verso 1]
                                                              [Refrão 2]
Gbm
                                                                                      Gbm A
  Shotguns and roses make a deadly potion
                                                              I fell in love with the Devil
 Heartbreak explosions in reckless motion
                                                              And now I'm in trouble
 Teddy bears and "I'm sorry" letters
                                                                I fell in love with the Devil
 Don't seem to make things better
                                                              I'm underneath his spell (0h-oh-oh)
                                                                                 Gbm A
 Don't bury me alive
                                                              Someone send me an angel
 Sweet talking alibi
                                                              To lend me a halo
                                                                 I fell in love with the Devil
[Pré-Refrão 1]
                                                              Please save me from this hell (Oh-oh-oh)
   Gbm
But I-I-I-I can't stop the rush
                                                              [Ponte]
And I-I-I-I can't give you up
No I-I-I-I know you're no good for me
                                                                Angels and Devils always fight over me (Fight over me)
 You're no good for me
                                                                Take me to heaven wake me up from this dream
                                                                Even in sunlight clouds shadow over me (Shadow on me)
[Refrão 1]
                                                                It's now or never wake me up from this dream
I fell in love with the Devil
                                                              [Refrão 2]
And now I'm in trouble
                                                                                      Gbm A
 I fell in love with the Devil
                                                              I fell in love with the Devil
I'm underneath his spell (0h-oh-oh)
                                                              And now I'm in trouble
                  Gbm A
Someone send me an angel
                                                                I fell in love with the Devil
To lend me a halo
                                                              I'm underneath his spell
  I fell in love with the Devil
                                                              Someone send me an angel
Please save me from this hell (Oh-oh-oh)
                                                              To lend me a halo
                                                                 I fell in love with the Devil
[Verso 2]
                                                              Please save me from this hell (Oh-oh-oh)
Gbm
  Got me playing with fire (Playing with fire)
  Baby hand me the lighter (Hand me the lighter)
                                                              Dig deep six feet (Ahh, ahh, ahh ahh, ahh, ahh)
  Tastes just like danger (Tastes just like danger)
                                                              Dig deep it's killing me (Ahh ahh ahh)
  Chaotic anger
                                                              (I fell in love with the Devil)
[Pré-Refrão 2]
                                                              Dig deep six feet (Ahh ahh ahh ahh, ahh, ahh)
                                                              (And now I'm in trouble)
                                                              (I fell in love with the Devil)
But I-I-I-I can't stop the rush
                                                              Dig deep (Ahh, ahh, ahh, ahh)
And I-I-I-I can't give you up
                                                              It's killing me
