                                                               Together
Something just isn't right
                                                                It doesn't feel right at all
I can feel it inside
                                                               Together
The truth isn't far behind me
                                                               Together we built a wall
You can't deny
                                                               Together
When I turn the lights out
                                                               Holding hands we'll fall
                                                               Hands we'll fall
When I close my eyes
Reality overcomes me
                                                                         Fm

I'm living a lie

Together we built a wall
                                                               Together
Together
                                                               It doesn't feel right at all
Holding hands we'll fall
                                                               Together
Hands we'll fall
                                                                Together we built a wall
This has gone on so long
                                                               Together
I realize that I need
                                                               Holding hands we'll fall
Something good to rely on
                                                               Hands we'll fall
Something for me
                                                               When I'm around you

When I'm alone I
                                                                I don't feel together
Feel so much better
