

Avril Lavigne - Wish You Were Here

```
Tom: E
                                                                  Right now I wish you were here
I can be tough, I can be strong
                                                                  All those crazy things we did
But with you, it's not like that at all
                                                                  Didn't think about it, just went with it
There's a girl that gives a shit
                                                                  You're always there, you're everywhere
            Dbm
Behind this wall you just walk through it
                                                                  But right now I wish you were here

And I remember
                                                                                             Dbm
All those crazy things you said
                                                                  What I'd do to have you here, here, here (I wish you were
You left them running through my head
                                                                  Damn! Damn! Damn!
You're always there, you're everywhere
                                                                  What I'd do to have you near, near, near (I wish you were
