Tom: **G**

I don?t wanna **G**  
**Bbm** Loose someone like you **C**  
**G** They say you're bad  
**Bbm** But what harm could you do? **C**  
**G** I let you drag me through the street at three **C**  
**G** Now when I drive down you're all that I see **Bbm** **C**

**G** I want you outta my head  
**Bbm** I want you outta my mind  
**C** I wonder what are you doing  
**C** I think of you all the time

**G** But I still know I don't need you  
**Bbm** Im better off without  
**C** But do you still think of me?  
**C** Not something I would doubt

**G** I hear your name and I still turn my head **Bbm** **C**  
**G** Do you really think that I'd be better off dead? **Bbm** **C**

**G** I can't wait for the day that I see you again **Bbm** **C**  
**G** So I can ignore you and show you how good I've been **Bbm** **C**

**G** I got you outta my head  
**Bbm** I got you outta my mind  
**C** Don't wonder what you're doing  
**C** That's just a waste of my time

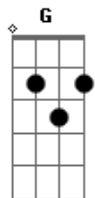

**G** And I know I don't need you  
**Bbm** Im better off without  
**C** I can't believe that I missed you

**C** You are nothing to cry about  
**G** Nothing to cry about  
**Bbm** Nothing to

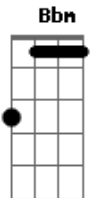

**C** Nothing to cry about  
**C** Nothing to

**G** Nothing to cry about  
**Bbm** Nothing to  
**C** Nothing to
