She got on a plane
Took off bound for Santa Fe
Touched down on the edge of another world
Made a few mistakes
       Dm
And it's kind of hard to fuck the pain away
Hooked on amphetamine and pearls
[Refrão 1]
Hey she drove off into the sunset
Drinking pinot, singin' 'Livin on a Prayer'
Hey when all her childhood dreams get put to rest
Maybe in another life she'll get somewhere
         Bh
But in the end we all burn out like cigarettes
[Verso 2]
Captain on the team
Quarterback on the varsity
Crowd goes wild he throws a touchdown
But graduation came
He lost his number but he kept his name now he's
```

```
Pumping gas at the Texaco downtown
[Refrão 2]
Hey he drove off into the sunset
Drinking Bud Light, singin 'Livin on a Prayer'
Hey when all his childhood dreams get put to rest
Maybe in another life he'll get somewhere
         Bb
But in the end we all burn out like cigarettes
[Verso 3]
Now I'm singing a song for you
About a childhood dream that won't come true
But I'm somewhere out in the Midwest chasin' mine
So if you're feeling blue
I'll light up a match for you
And we'll send the world up in smoke tonight
[Refrão 3]
Hey we'll drive off into the sunset
Drinking whiskey singin' 'Livin' on a Prayer'
Hey when all of our childhood dreams get put to rest
Maybe in another life we'll get somewhere
But in the end we all burn out like cigarettes
      Bb
In the end we all burn out like cigarettes
In the end we all burn out like a cigarette
