

Babyface - Day That You Gave Me a Son

Tom: D

Twas late december the news came
And i got so excited, i cried all day
And you were such a lovely, precious sight
When i saw our baby in your eyes

It was like falling deep in love
I heard the angels cry above
I felt a blessing straight from god
The day that you gave me a son
I called 'bout everyone i knew
Just think, i'll be a father 'cause of you

There's no greater love than what you gave
A brand new baby on the way

it was like falling deep in love
i heard the angels cry above
i felt a blessing straight from god
the day that you gave me a son

(chorus)

oh such tears of joy, i've never known
i can't remember
it's like a song, i've never heard
i've never sung, but know the words
