

Backstreet Boys - Boys Will Be Boys

Tom: **C**

Ooh (2x)
Boys will be boys (2x)

You've got something
So incredible in my eyes
My heart starts pumpin
Whenever you're around
My whole world's upside down
Baby

But I try to get closer
And you always push me away
You tell me it's much too soon
But I just can't help it
I always gotta make a play

Chorus:
Ooh (2x)
Boys will be boys
(Hey)
Ooh (2x)
Baby
Boys will be boys

All my senses
Go right into overdrive

Ooh my defenses
Are never gonna hold
Always gotta lose control

An I hear you sayin
That you think we should wait
And I can't hold on anymore
My body's callin for you
So please don't hesitate

Ooh (2x)
Boys will be boys
You outta know by now baby
Ooh (2x)
Boys will be boys (2x)

I gotta do what I gotta do baby
Naaa, na na na now (2x)
(Go!)

And I hear you sayin
That you think we should wait
And I can't hold on anymore
My body's callin for you
So please don't hesitate

Ooh (2x)
Boys will be boys (boys will be boys)
Ooh (2x)
Boys will be boys (you outta know by now baby)
Ooh (2x)
Boys will be boys (you know I gotta do what I gotta do baby)
Ooh (2x)
Boys will be boys (boys, boys will be boys)
Ooh (2x)
Boys will be boys
