

# Backstreet Boys - Nowhere To Go

Tom: **D**

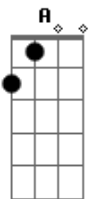

Looking for beauty in a certain **A**  
 Finding the strength inside a gray **Bm**  
 Maybe you're heading for a breakdown **D**  
 And maybe that's ok **A**  
 Could be that you're hanging on for dear life **Bm**  
 Maybe you need to get a grip **D**  
 Cause you're the only one **Em**  
 That makes me feel like this **A**  
 Save me I'm falling again **C** **G** **D** **A**  
 Keep me from **C** **G**  
 Breaking in a million pieces **D**  
 In the end no matter what I do **Em** **C** **D** **A**  
 There's nowhere nowhere to go **C** **D**

Nowhere to go but you **A** **Bm** **D** **G**  
 Tryin to make nothing **A**  
 Out of Something **Bm**  
 Promise myself I wouldn't care **D** **G**  
 Maybe you're making me a liar **A** **Bm**  
 Cause I'm sitting here **D**  
 Finally cracking my resistance **A** **Bm**  
 And find a way to wear me down **D** **G**  
 I just look at you **Em**  
 And there's no way out **A**  
 Every single road I take (it's you) **C**  
 Asleep or wide awake (it's you) **G**  
 And it's too late for anyone to save me **Em** **D**
